HackerHub8 Exam Portal: User Guide

Terms & Conditions of Examination

1. Prohibited Actions

- Input Restrictions: Right-click context menus, text selection, and drag-and-drop functionality are strictly disabled.
- Keyboard Restrictions: Use of Alt, Ctrl, Shift, and system keys (e.g., Win, PrtSc) is disabled and will trigger a warning.
- Navigation: Do not exit Full-Screen mode or switch browser tabs.

2. Proctoring & Surveillance

- Continuous Monitoring: You are monitored via Webcam, Microphone, and Screen Sharing throughout the duration of the exam.
- Malpractice: If the video or audio feed is disabled, covered, or obstructed at any point, the session will be flagged for malpractice, and your result will be marked as Copied/Invalid.

3. Violations & Auto-Submission

- Three-Strike Rule: The system allows a maximum of 3 security warnings. Upon the 4th violation, the exam will auto-submit immediately, and no further attempts will be allowed.
- Single Attempt: This exam allows for one single attempt only.

4. Environmental Requirements (Important)

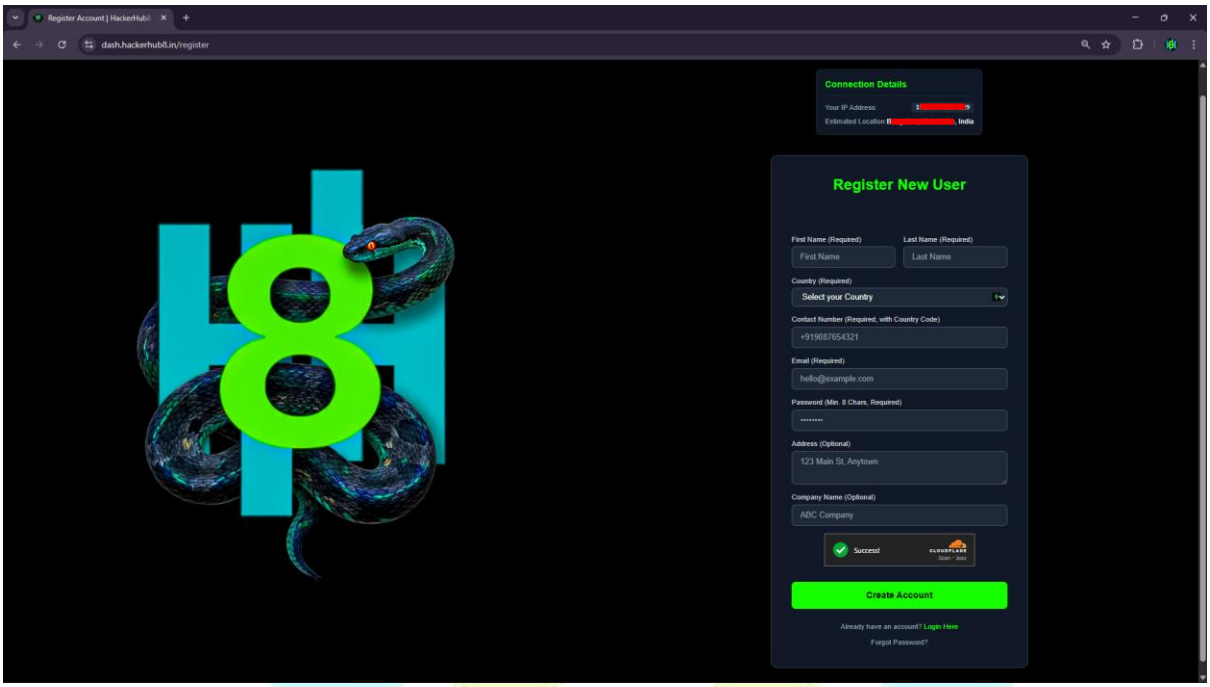
- Lighting: Ensure your face is clearly visible and the room is well-lit.
- Audio: You must be in a quiet environment. Detected speech or background voices may be flagged as a violation.
- Solo Environment: No other person is permitted in the room during the exam.
- Internet Stability: Ensure a stable internet connection. HackerHub8 is not responsible for disconnects due to network instability.

5. Minimum System & Hardware Requirements

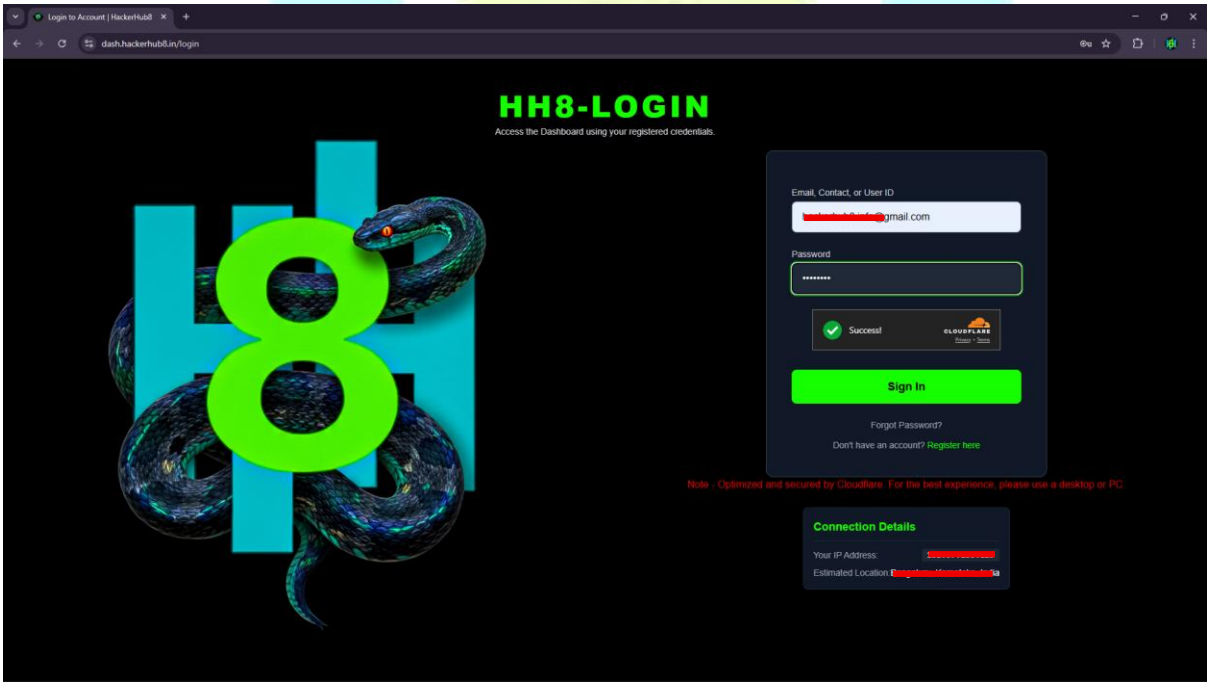
To ensure a smooth examination process without technical interruptions, your system must meet the following criteria:

- **Device:** Laptop or Desktop Computer**.**
  - Note: Mobile phones, tablets, and iPads are strictly prohibited and not supported.
- **Operating System:** Windows 10/11, macOS, or Linux.
- **Web Browser:** Google Chrome (Recommended) or Microsoft Edge (Latest Version).
  - ***Note:*** Incognito/Private mode is recommended to prevent extension interference.
- **Webcam:** Functional internal or external webcam (Must remain active throughout the session).
- **Microphone:** Functional microphone (Must remain active throughout the session).
- **Internet Connection:** Stable broadband or 4G/5G connection with a minimum upload speed of 1 Mbps.
- **Screen Resolution:** Minimum 1024x768 resolution.

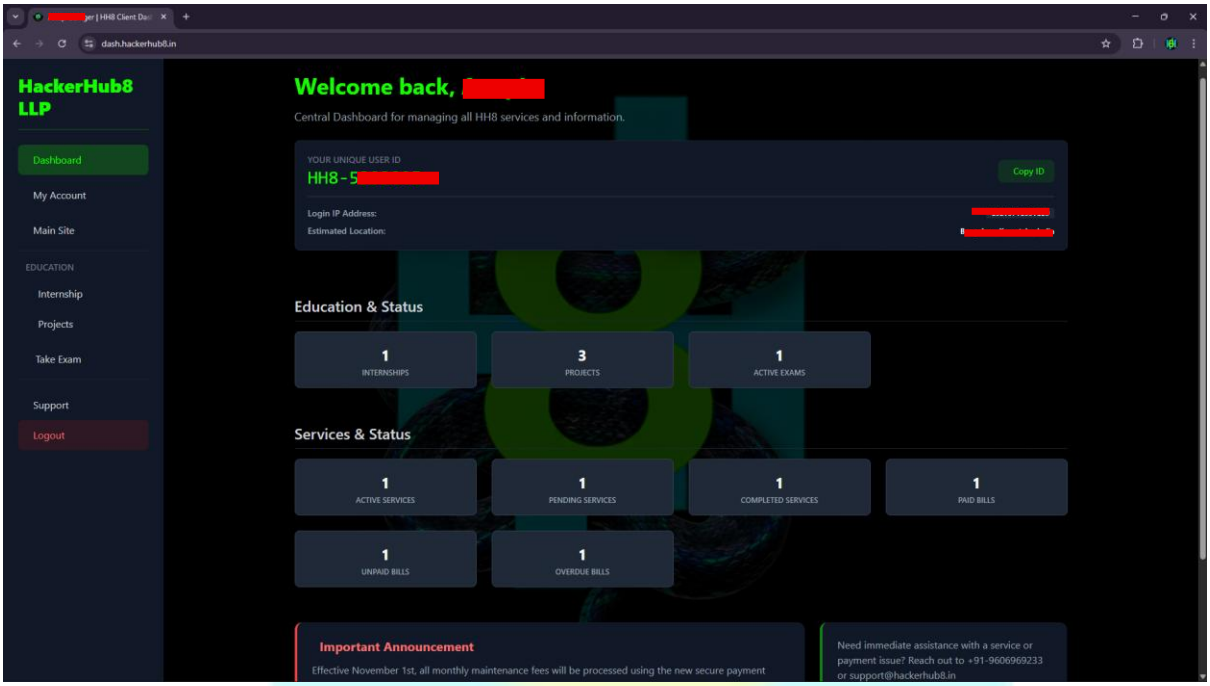
Step 1: Access & Registration Navigate to **dash.hackerhub8.in**. If you are a new user, click on **Register** to create an account. Existing users will receive their login credentials directly from the HackerHub8 team.



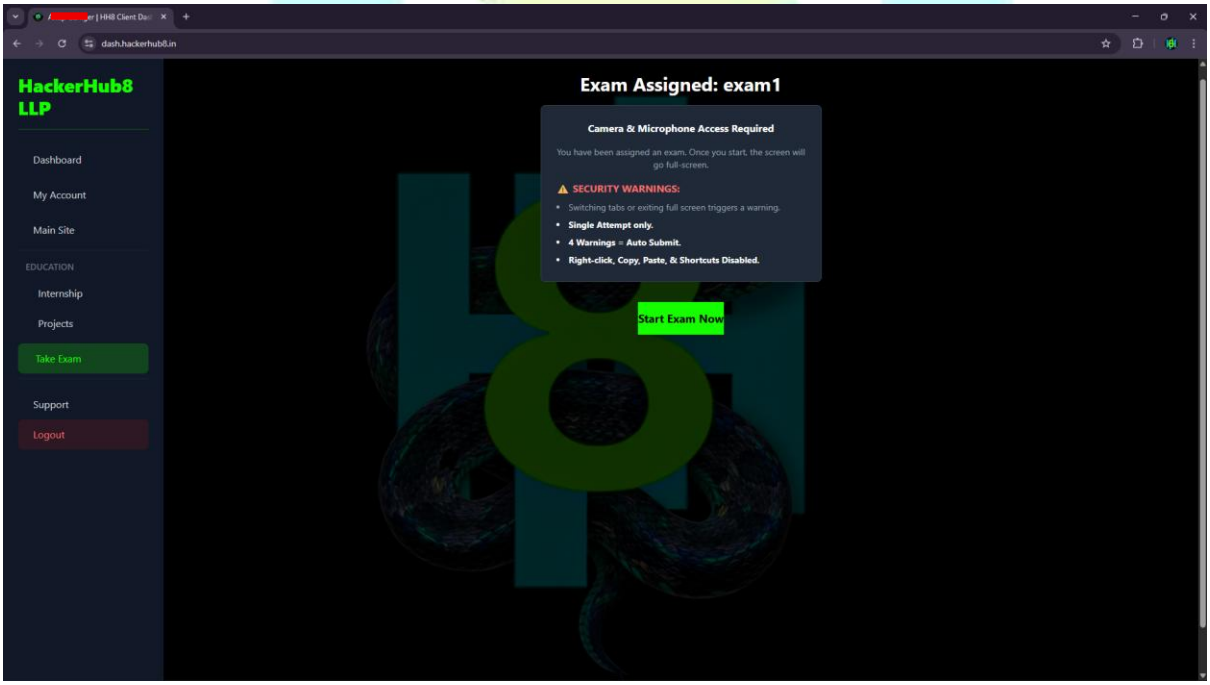
Step 2: Secure Login Complete the Cloudflare security verification. Log in using your registered **Email**, **Phone Number**, or **User ID** (e.g., HH8-XXXXXXX) along with your password. Note: For the best experience and exam stability, please access the portal via a Desktop or Laptop.



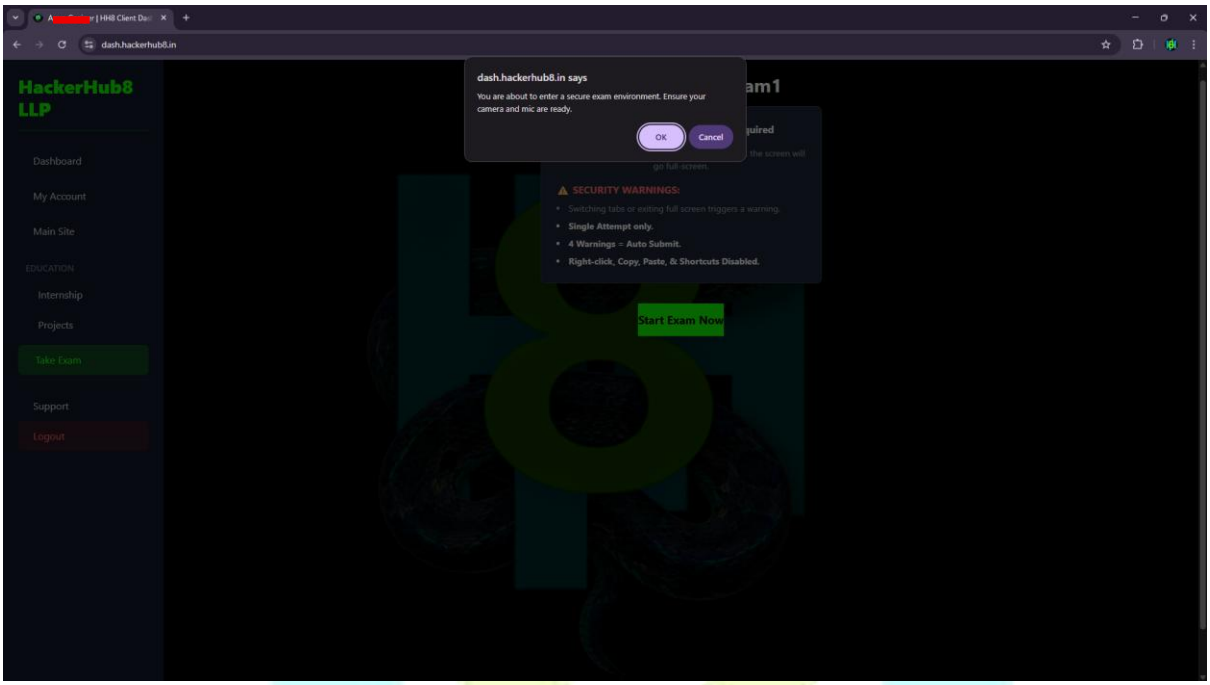
Step 3: Dashboard Overview Upon logging in, you will access the main User Panel. Here you can view your statistics, active internships, project details, and important administrative notices. Your unique **User ID** (7 digits following 'HH8-') is displayed at the top; please quote this for all support queries.



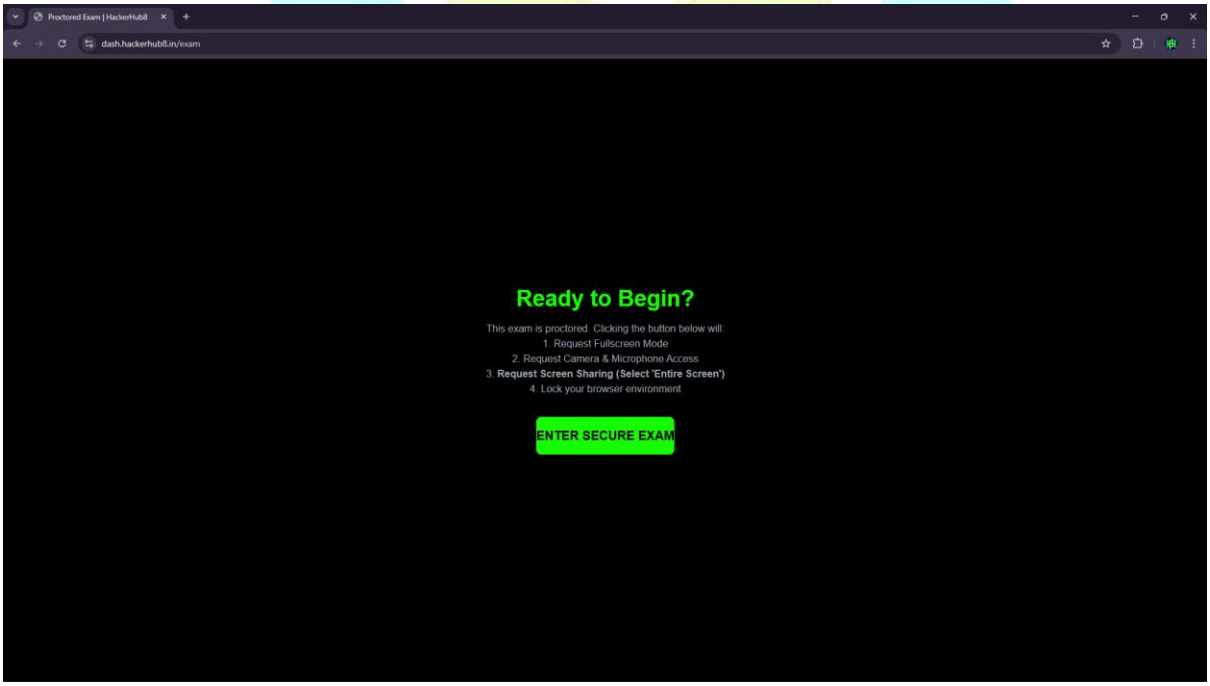
Step 4: Exam Selection Navigate to the **Take Exam** section in the sidebar. If an assessment has been assigned to you, it will appear here along with the exam title and preliminary instructions.



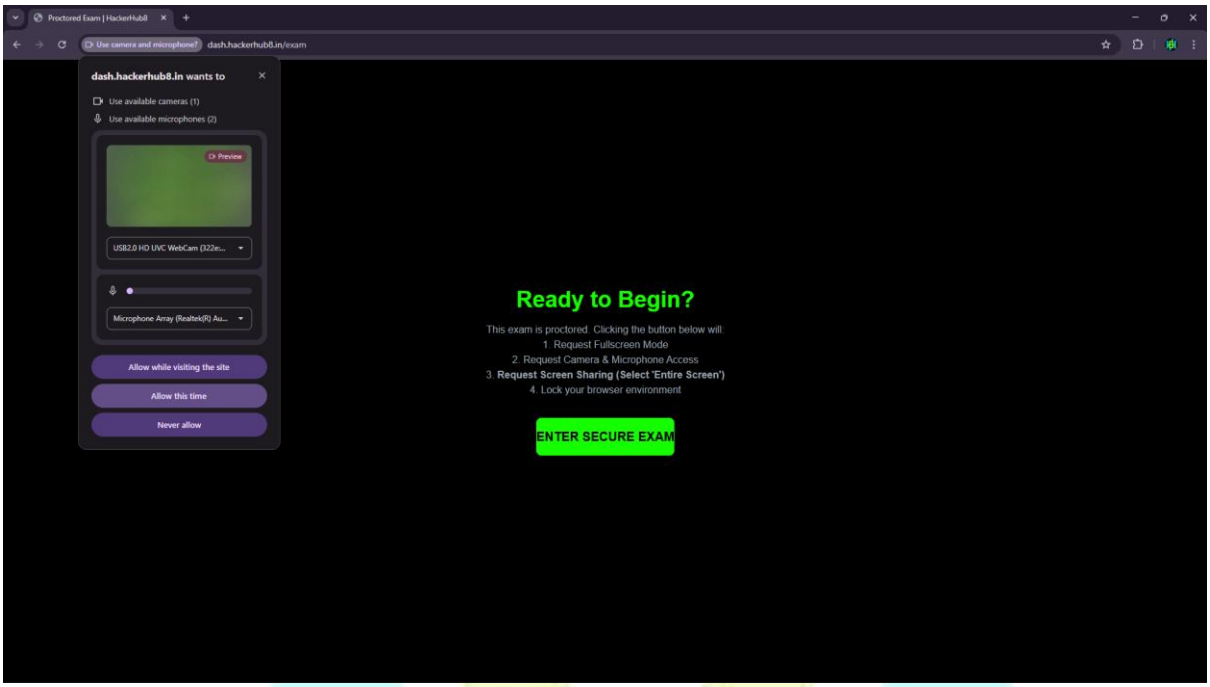
Step 5: Initiating the Exam When you are prepared to begin, click the **Start Exam Now** button. A confirmation popup will appear to redirect you to the secure exam environment. Click **OK** to proceed.



Step 6: Pre-Exam Check You will enter the secure exam staging area. Review the requirements one last time to ensure your environment is ready. Click the **Enter Secure Exam** button to initialize the system.

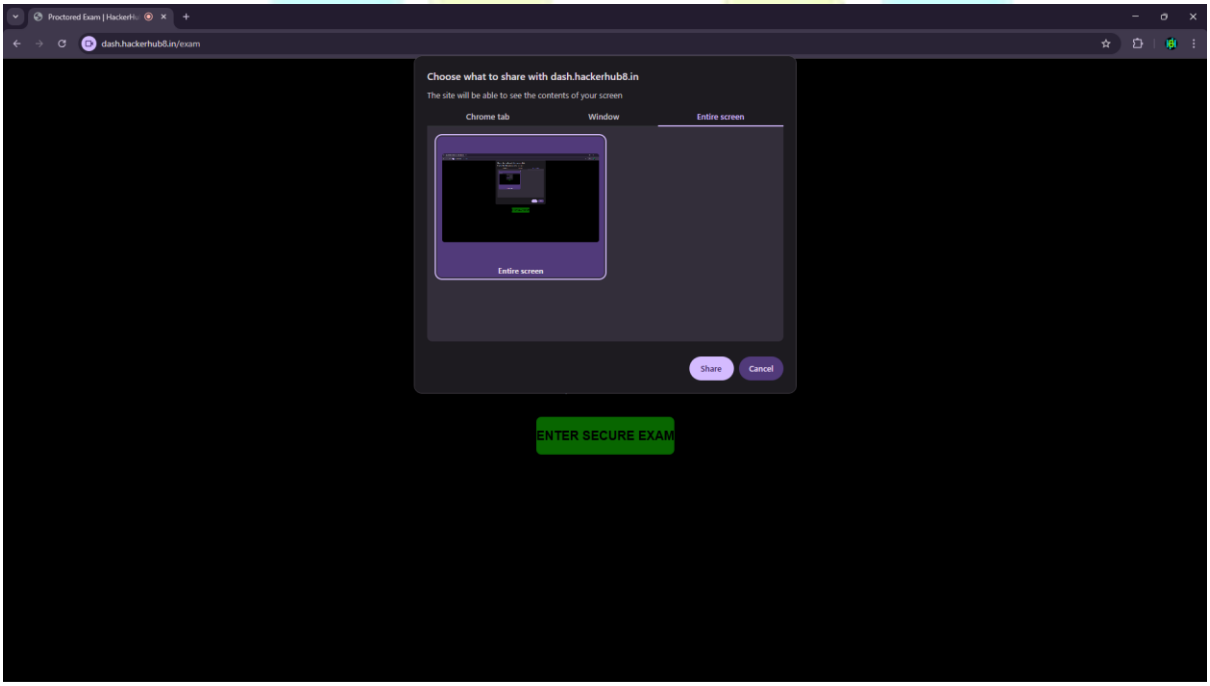


Step 7: Hardware Permissions The system will request access to your **Microphone** and **Camera**. You must click **Allow** to proceed. Failure to grant these permissions will prevent the exam from loading.



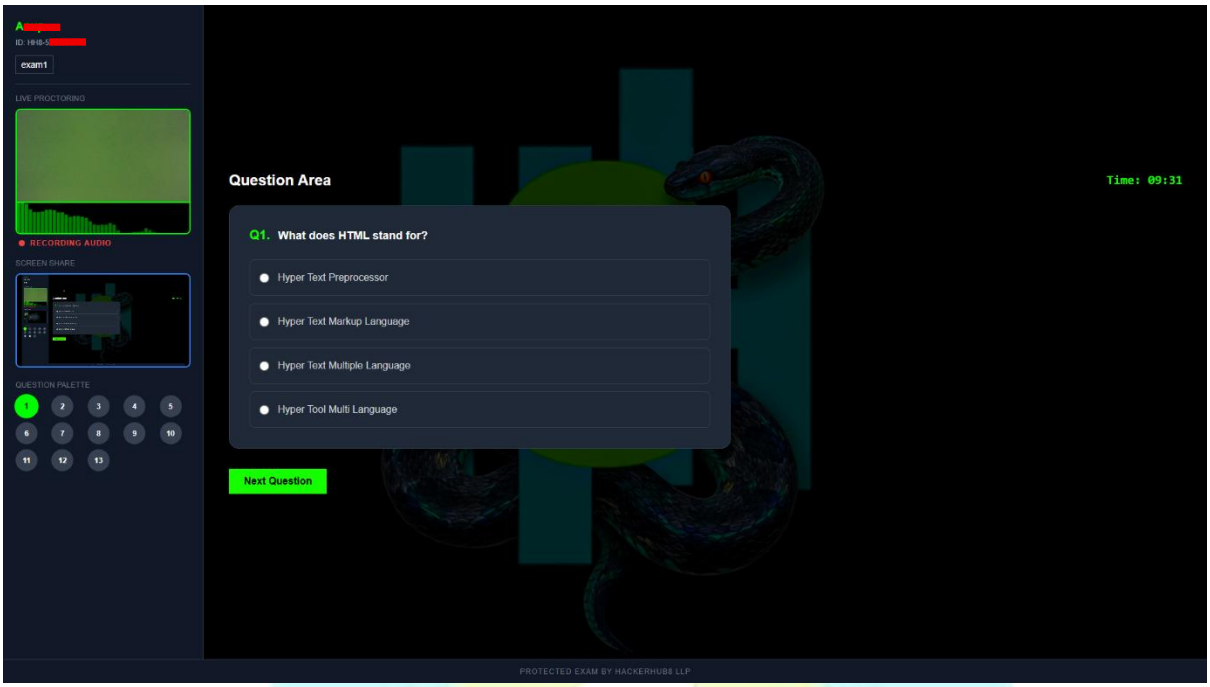
Step 8: Screen Sharing Setup The system will request screen sharing permissions.

1. Close all background applications and third-party tools.
2. Select **"Entire Screen"** in the browser prompt (this is mandatory).
3. Click **Share**.

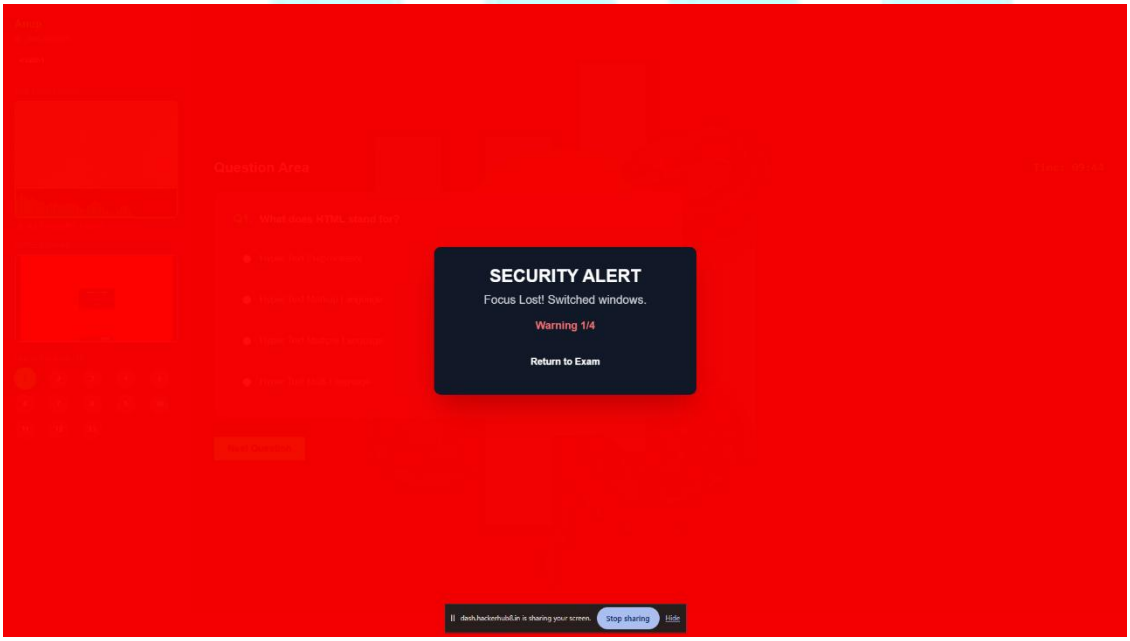


Step 9: Exam Interface & Monitoring The exam will launch in **Full-Screen Mode**.

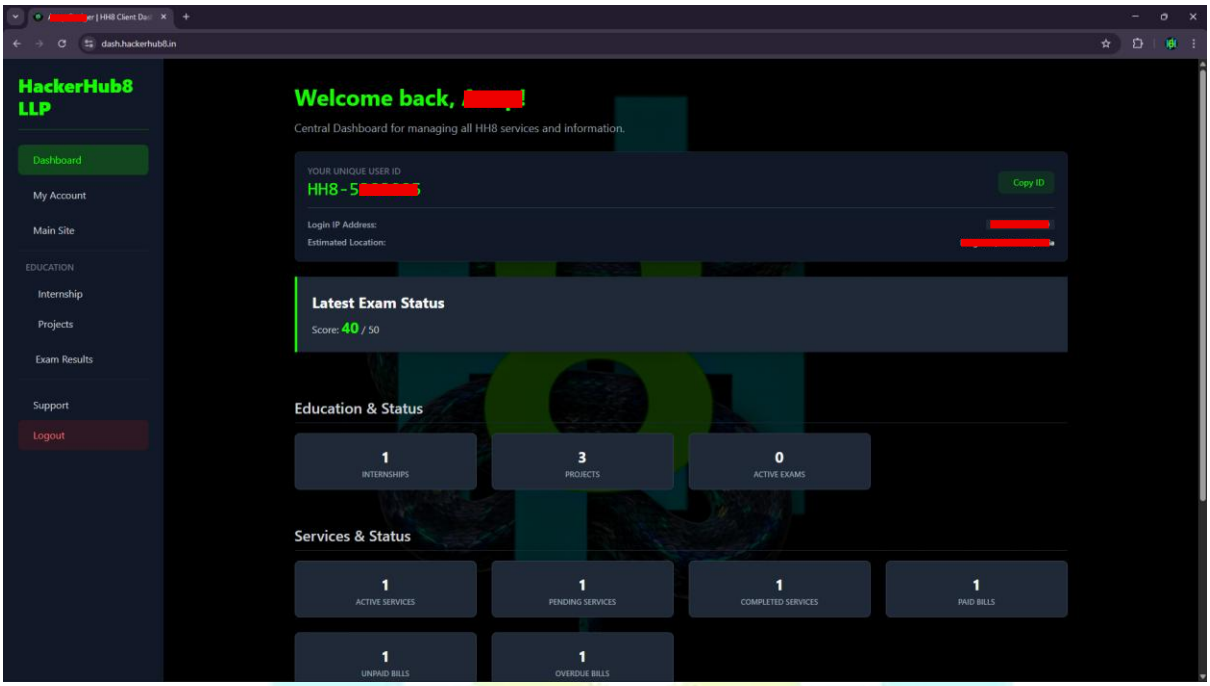
- **Right Side:** Your countdown timer.
- **Left Side:** Live proctoring feed (Camera, Mic, and Screen) and the Question Palette.
- **Center:** The current question and multiple-choice options. Select your answer and click **Next Question** to proceed.

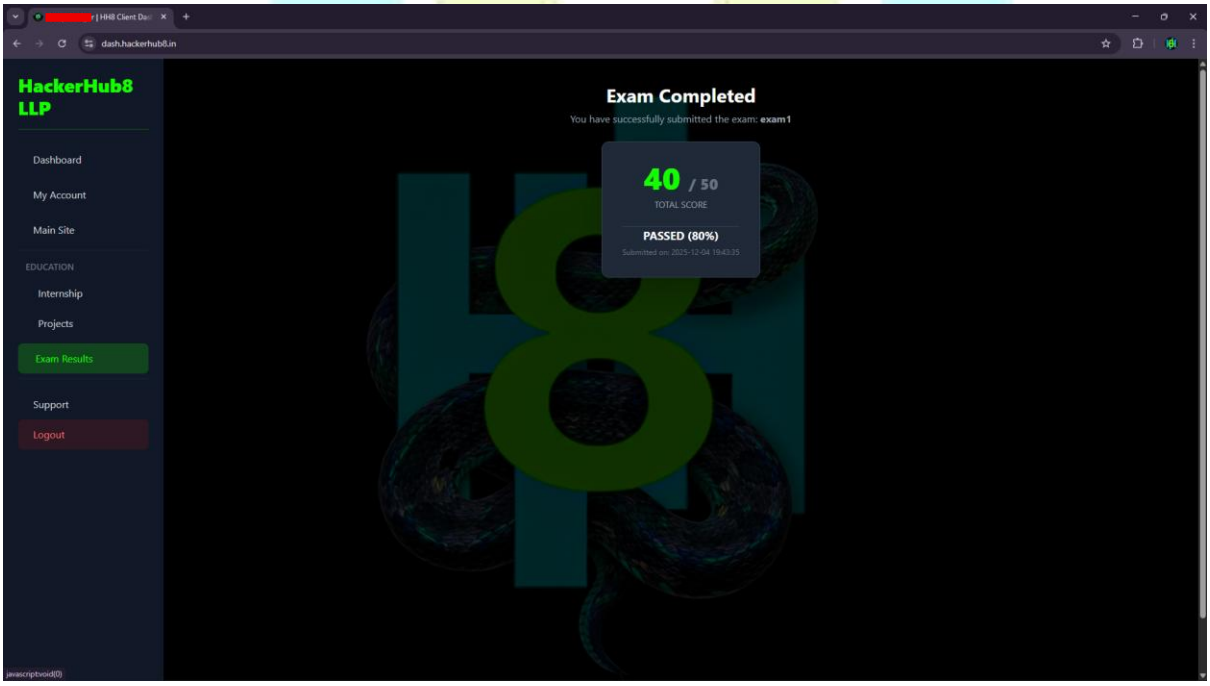


Step 10: Security Warnings The system monitors for prohibited activities. You are allowed a maximum of **3 Warnings** for violations (e.g., switching tabs, exiting full screen). If you exceed this limit, the system will **automatically submit** your exam immediately.



Step 11: Submission & Redirection Once you finish the exam or the time expires, click **Submit**. You will be redirected back to the main User Panel.





Step 12: Viewing Results Return to the exam section. The "Take Exam" button will update to **Exam Results**. Click this button to view your score and performance report.
